Immediate

Sub: Deduction of royalty and the cost of minor minerals by the Public Works Authority from the work bill of the executants who fails to produce transit pass and money receipt in support of payment of royalty

*Rev. ~~Min~~
See it all done for its Dept. compliance
July*

In inviting a reference to the subject cited above, I am directed to invite your attention to sub-rule 5 of rule 58 of the Odisha Minor Mineral Concession Rules, 2016 which reads as below:

The provisions of sub-rule (2) shall apply mutatis mutandi to cases for any bill claiming the reimbursement of the cost for purchase of any minor mineral and is submitted before any authority in charge of execution of public work and such authority shall not pass the bill unless the receipts of the amount so paid is produced.

Provided that in case the executant fails to produce transit pass and money receipt in support of payment of royalty, the public works authority shall deduct the royalty and the cost of mineral and remit it to Government account in the Government Treasury".

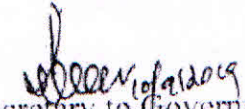

When the rule as above envisages deduction of both the royalty and the cost of mineral if the executant fails to produce transit pass and money receipt in support of payment of royalty for the minor mineral it is seen that public works authorities are

*1796
11/9/19*

only deducting royalty on the minor mineral used and not deducting the cost of the minor mineral. Non-deduction of the cost of mineral contravenes the OMMC Rules, 2016 and it also causes loss to Govt. Exchequer.

It is, therefore, requested that necessary instruction may be issued to all concerned authorities for full compliance of the mandate of the above rule and make necessary deduction of the cost of minor mineral together with the royalty if the executant fails to produce transit pass and money receipt in support of payment of royalty. The cost of the minor mineral may be determined as per the SOR of Works Department.

Yours faithfully,

Additional Secretary to Government
